# Table of Contents

## Chapter 1

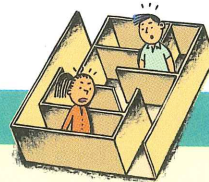

### THE WORLD OF PSYCHOLOGY

<b>What Is Psychology?</b> .....	2
What Psychologists Do; The Main Types of Psychology; Careers in Psychology; Psychology in Your Life	
<b>Psychology in the Past</b> .....	6
Why Study the History of Psychology?; Key Figures	
<b>Approaches to Psychology Today</b> .....	11
Psychology Across Cultures; What About the Future?	

## Chapter 2

### RESEARCH IN PSYCHOLOGY

<b>The Scientific Method</b> .....	19
What Are Paradigms?; Where Do Theories Come From?; How Are Theories Used?; Scientific Attitudes and Values; Bias in Research	
<b>Designing Research</b> .....	22
What Is a Hypothesis?; Selecting Participants; Variables; Which Kind of Study?	
<b>Gathering Data</b> .....	25
Self-Reporting Methods; Behavioral Methods; Physiological Measurement	
<b>Processing Data</b> .....	27
The Correlational Approach; Graphs and Statistical Analysis	
<b>Ethical Issues</b> .....	30
Risk/Benefit Assessment; Ethical Concerns	

## Chapter 3

### PSYCHOLOGY AND THE BRAIN

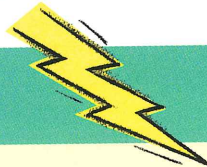

36

<b>Overview of the Nervous System</b> .....	37
<b>Nerve Cells</b> .....	38
How Nerve Cells Communicate; The Importance of Neurotransmitters	
<b>The Peripheral Nervous System</b> .....	40
Autonomic Nervous System; Somatic Nervous System	
<b>The Central Nervous System</b> .....	41
Spinal Cord; The Brain: Command Central	
<b>The Endocrine System</b> .....	47

## Chapter 4

### SENSATION

51

<b>Sensory Systems</b> .....	52
Absolute Thresholds; How We Perceive	
<b>Vision and Light</b> .....	53
What Is Light?; How the Eye Responds to Light; How Do We See Color?; Color Blindness	
<b>Hearing and Sound</b> .....	56
What Is Sound?; Characteristics of Sound; How Sound Waves Are Converted in the Ear; What Happens in Deafness?	
<b>Smell and Taste</b> .....	59
How Do We Taste Food?; How Do We Smell Odors?	
<b>Touch, Pressure, Temperature, and Pain</b> .....	60
Why Do We Have to Feel Pain?; How Does the Body Alleviate Pain?	

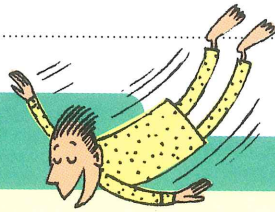

## Chapter 5

### PERCEPTION

65

<b>What Is Perception?</b> .....	66
Psychological Factors Influencing Perception; The Psychophysical Approach	
<b>Perceptual Constancies</b> .....	67

<b>Perceptual Organization</b> .....	69
The Constructionist View; The Gestalt Psychologists; Figure and Ground; Limitations of the Gestalt Approach; Bodily Depth Cues; Pictorial Depth Cues	
<b>Perception of Motion</b> .....	74
In the Eye; In the Brain	
<b>Illusions</b> .....	75

## Chapter 6

### CONSCIOUSNESS

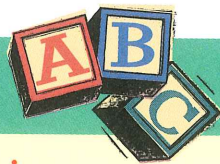

79

<b>What Is Consciousness?</b> .....	80
Types of Conscious Experience; Early Ideas About Consciousness	
<b>Levels of Consciousness</b> .....	82
<b>Consciousness and Chronobiology</b> .....	83
Circadian Rhythms; Changes in Circadian Rhythms	
<b>Altered States of Consciousness</b> .....	84
<b>Sleep</b> .....	86
Why We Sleep; Stages of Sleep and Brain Waves; Sleep Disorders	
<b>Dreaming</b> .....	89
Why We Dream; What Do Dreams Mean?	
<b>Hypnosis</b> .....	92
Hypnosis and Memory; Age Regression Under Hypnosis	
<b>Current Theories of Consciousness</b> .....	94

## Chapter 7

### LEARNING

96

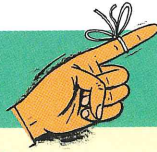

<b>The Study of Learning</b> .....	97
What Is Learning?; Aristotle's Laws of Association; Ivan Pavlov and His Dogs; Applications of Classical Conditioning	
<b>Operant Conditioning</b> .....	102
Thorndike and Trial-and-Error Learning; Skinner's Research; Schedules of Reinforcement; The Biology of Conditioning; More Than Conditioning	

<b>Cognitive Theories of Learning</b> .....	108
<b>Social or Observational Learning</b> .....	111
Processes in Observational Learning; Violence in the Media	
<b>Current Approaches to Learning</b> .....	112

## Chapter 8

### MEMORY

115

<b>What Is Memory?</b> .....	116
<b>Stages of Memory</b> .....	116
Sensory Input and Sensory Memory; Short-Term Memory; Long-Term Memory	
<b>Memory Retrieval</b> .....	126
Recall and Recognition; Tip of the Tongue (TOT); Cueing Memory	
<b>Forgetting</b> .....	127
Reasons for Forgetting; Amnesia; The Biology of Memory	
<b>Memory and Learning</b> .....	131

## Chapter 9

### THOUGHT AND LANGUAGE

133

<b>What Is Thinking?</b> .....	134
The Biological Basis of Thought; The Psychological Basis of Thought	
<b>Structures of Thinking</b> .....	135
What Are Concepts?; What Are Propositions?; What Is Mental Imagery?	
<b>Processes in Thinking</b> .....	141
What Is Reasoning?; What Is Problem Solving?; What Is Decision Making?	
<b>Language and Thought</b> .....	147
Which Comes First?; Elements of Language; Meaning and Understanding; How Is Language Acquired?; Language and Concepts; What Must a Language Do?; Bilingualism and Culture; Language Influences Thought; Language in Animals	
<b>Current Research in Thinking</b> .....	151

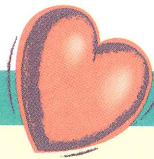

## Chapter 10 INTELLIGENCE

153

<b>What Is Intelligence?</b> .....	154
The Origins of Intelligence Testing; The Grandfathers of Testing; IQ Testing Takes Hold in America	
<b>Questions About Testing</b> .....	157
What Makes a Good Test?; What Do Test Scores Mean?; Are IQ Tests Culturally Biased?	
<b>Heredity and Environment</b> .....	158
Effects of Heredity; Effects of Environment; Twin Studies; Recent Research	
<b>Approaches to Understanding Intelligence</b> .....	160
One General Intelligence; Multiple Intelligences	
<b>The Diversity of Mental Ability</b> .....	165
Giftedness; Creativity; Mental Retardation	

## Chapter 11 MOTIVATION AND EMOTION

171

<b>What Is Motivation?</b> .....	172
The Components of Motivation; Primary and Secondary Needs; Processes That Affect Motivation; Homeostasis Motivates Behavior	
<b>Theories of Motivation</b> .....	173
<b>Cognitive Theories of Motivation</b> .....	176
<b>Physiological Motivation</b> .....	178
<b>Psychological Motivation</b> .....	180
Achievement Motivation; Extrinsic and Intrinsic Motivation; Cultural Factors in Motivation	
<b>What Is Emotion?</b> .....	183
Types of Emotion; The Value of Emotions; Physiological Aspects of Emotion; Theories of Emotion; Cognition and Emotion; The Necessity of Emotions; Expression of Emotion; Social Stereotypes and Emotion	

## Chapter 12

### CHILDHOOD

189

<b>Developmental Psychology: The Study of Change</b> .....	190
<b>Life Begins</b> .....	191
Prenatal Development; The Newborn	
<b>Attachment and Temperament</b> .....	193
Emotional Bond; The Roots of Personality	
<b>Physical Development</b> .....	196
<b>Cognitive Development</b> .....	196
Approaches to Understanding; Jean Piaget; Acquiring Language; Isolation	
<b>Social and Emotional Development</b> .....	201
Child's Play; Becoming a Moral Person; The Psychological Theory of Development	
<b>The Fabric of Family</b> .....	204
Parenting Style; Divorce; Death in the Family; Effects of Poverty; Child Abuse and Neglect; Resilience	

## Chapter 13

### ADOLESCENCE

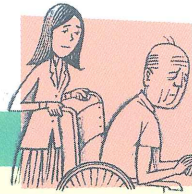

211

<b>What Is Adolescence?</b> .....	212
Two Phases of Adolescence; A Time of Change; A Time of Challenge	
<b>Biological Changes</b> .....	214
The Growth Spurt; Puberty; Differences Between Boys and Girls	
<b>Cognitive Changes</b> .....	216
Piaget on Adolescence; Moral Reasoning; Connecting the Study of Morality and Adolescence	
<b>Social Development</b> .....	221
The Family; The Peer Group; School; Gender and Sexuality	
<b>Psychological Challenges</b> .....	225
Identity and the Self; The Role of Self Esteem	
<b>Challenges and Crises</b> .....	227
Substance Abuse; Delinquent Behavior; Eating Disorders; Teenage Pregnancy; Suicide; Heading Off Crises	

## Chapter 14

### ADULTHOOD AND AGING

233

#### **What Is an Adult?** ..... 234

Individual Differences; Periods in Adulthood

#### **Early Adulthood** ..... 235

Intimacy vs. Isolation; Work; Marriage; Physical Changes in Early Adulthood; Cognitive Changes in Early Adulthood; Developmental Tasks of Early Adulthood

#### **Middle Adulthood** ..... 239

Generativity vs. Stagnation; Midlife Crisis; Physical Changes in Middle Adulthood; Cognitive Changes in Middle Adulthood; The Sandwich Generation; Developmental Tasks of Middle Adulthood

#### **Late Adulthood** ..... 242

Physical Changes in Late Adulthood; What Causes Aging?; Cognitive Changes in Late Adulthood; Social Changes in Late Adulthood; Developmental Tasks of Late Adulthood; Research in Aging; Death and Dying

## Chapter 15

### STRESS AND HEALTH

TICK

TICK  
TICK

248

#### **What Is Stress?** ..... 249

Stress Involves Change; Types of Stressors; Physiological Responses to Stress; Psychological Responses to Stress; Cognitive Effects of Stress; Factors That Influence Stress; What's Your Stress Level?; Conflict

#### **Coping with Stress** ..... 254

#### **The Psychology of Health** ..... 256

What Is PNI?; A New Approach to Health; Stress and the Immune System; The Relationship of Stress and Illness; The Chemistry of Stress; Behaviors That Support Health; Unhealthy Behaviors

#### **Health Management** ..... 262

## Chapter 16

### PERSONALITY

264

#### **What Is Personality?** ..... 265

Psychology and Personality; How Personality Is Studied; Theories of Personality

#### **The Psychoanalytic Approach** ..... 266

Id, Ego, and Superego; Defense Mechanisms; Neo-Freudians; Evaluation of Psychoanalysis

<b>The Trait Approach</b> .....	269
Trait Theorists; Evaluating the Trait Approach	
<b>The Behavioral Approach</b> .....	271
<b>The Humanistic Approach</b> .....	273
<b>The Sociocultural Approach</b> .....	276
Other Theories; Personality Types	

## Chapter 17

### PSYCHOLOGICAL ASSESSMENT

280

<b>Psychological Tests</b> .....	281
History of Assessment; Uses of Assessments; Types of Assessment; Ethical Concerns; The Results of Testing; Arguments for Testing; States and Traits; Testing the Test; Standardization	
<b>Objective Tests</b> .....	287
The Minnesota Multiphasic Personality Inventory (MMPI); The California Psychological Inventory (CPI); The 16 Personality Factor Test (16PF); The NEO Five-Factor Inventory (NEO-FFI)	
<b>Projective Tests</b> .....	290
Can Projective Tests Be Objective?; The Thematic Apperception Test (TAT); Limits of Projective Testing	
<b>Who Uses Which Tests?</b> .....	291
Aptitude and Achievement Tests; Vocational Interest Tests; Taking Tests	

## Chapter 18

### SOCIAL PSYCHOLOGY: COGNITION

296

<b>What Is Social Psychology?</b> .....	297
The Self; Social Interaction and the Role of Others in Self-Concept	
<b>Developing Self-concept</b> .....	298
Who Am I?; Self-Schemas; Reference Groups; Social Comparisons; The Social Identity	
<b>How Others Perceive Us</b> .....	301
The Function of Schemas; First Impressions; The Effects of First Impressions; Self-fulfilling Prophecies	
<b>Attribution Theory</b> .....	302
How We Make Attributions; Other Factors in Attribution; Attribution Bias	

<b>Attitudes</b> .....	305
How Attitudes Change; Using Social Schemas to Develop Attitudes; Interpersonal Attraction	

## Chapter 19

### SOCIAL PSYCHOLOGY: BEHAVIOR

312

<b>Society and Group Influences</b> .....	313
What Is a Group?; Norms	
<b>Conformity</b> .....	315
Why Do We Conform?; Why Do We Choose Not to Conform?; When Are You Most Likely to Conform?	
<b>Cooperation and Competition</b> .....	316
What Incentives Do We Have to Cooperate?; What Incentives Do We Have to Be Competitive?; Social Dilemmas; Movements Toward Social Responsibility	
<b>Group Dynamics</b> .....	319
Making Decisions; Group Roles; Group Leadership; Leadership Styles	
<b>Authority and Obedience</b> .....	323
Why Do We Obey Authority?; Personality Characteristics	
<b>Helping Behavior</b> .....	325
Why Do We Help?; Why Don't We Help?	
<b>Aggression and Violence</b> .....	327
Frustration and Aggression; Generalized Arousal; Group Violence; Environmental Influences; The Freudian View of Aggression; The Evolutionary View of Aggression; Biological Explanations of Aggression; Learning and Cultural Explanations of Aggression	

## Chapter 20

### ABNORMAL PSYCHOLOGY

331

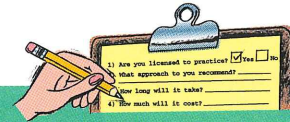

<b>What Are Psychological Disorders?</b> .....	332
Identifying Abnormal Behavior; Perspectives on Mental Illness; Combining Biological and Psychological Perspectives; Cultural Differences in Looking at Mental Illness	
<b>Classifying Mental Illness</b> .....	336
<b>Anxiety Disorders</b> .....	338
Phobic Disorder; Generalized Anxiety Disorder; Panic Disorder; Post-Traumatic Stress Disorder; Obsessive-Compulsive Disorder	
<b>Somatoform Disorders</b> .....	340
Conversion Disorder; Hypochondriasis	

<b>Dissociative Disorders</b> .....	341
Amnesia; Dissociative Fugue; Dissociative Identity Disorder	
<b>Affective Disorders</b> .....	343
Dysthymic Disorder; Major Depression; Bipolar Disorder	
<b>Psychotic Disorders</b> .....	344
Schizophrenia; Delusional Disorder	
<b>Personality Disorders</b> .....	346
Antisocial Personality Disorder; Borderline Personality Disorder	
<b>Disorders of Childhood</b> .....	348
Attention–Deficit Hyperactivity Disorder; Autistic Disorder	

## Chapter 21

### THERAPIES FOR MENTAL HEALTH

352

<b>What Is Therapy?</b> .....	353
How Therapists Differ; Group vs. Individual Therapy	
<b>Changing Attitudes Toward Mental Health</b> .....	355
<b>Psychoanalytic Therapy</b> .....	356
Psychodynamic Therapy; Uses and Limitations of Psychoanalysis	
<b>Behavioral Therapy</b> .....	357
<b>Cognitive-Behavioral Therapy</b> .....	359
Thoughts, Feelings, and Behavior; Cognitive Restructuring; Rational–Emotive Therapy; Uses of Cognitive–Behavioral Therapy	
<b>Humanistic Therapies</b> .....	362
Person–Centered Therapy; Gestalt Therapy; Brain, Mind, Body Therapy; Comparison of Therapies	
<b>Biomedical Therapies</b> .....	365
Types of Biomedical Interventions; Electroconvulsive Therapy (ECT); Does Therapy Work?	
<b>The Ethics of Therapy</b> .....	368
<b>References</b> .....	370
<b>Credits</b> .....	374
<b>Index</b> .....	375

**Research**

Internet Addiction?..... 4  
 Naturalistic Research..... 27  
 Relief from Depression..... 47  
 Pheromones..... 61  
 The Visual Cliff Experiment..... 73  
 Sleep Deprivation..... 89  
 John Watson and “Little Albert”..... 100  
 Evidence for STM-LTM..... 121  
 Depth of Processing..... 123  
 Evidence for Hierarchical Storage..... 138  
 Artificial Intelligence..... 161  
 Human Pheromones..... 180  
 Emotion and Decision Making..... 187  
 Paying Attention to ADHD..... 198  
 Lorenz and Imprinting..... 200  
 What Happens to “Bad Girls”?..... 215  
 Adulthood and Moral Development..... 238  
 Stress, Health, and Humor..... 256  
 Can Personality Change?..... 272  
 Reliability and the Myers-Briggs  
 Type Indicator..... 286  
 Unconscious Prejudice..... 309  
 Would You Conform?..... 314  
 Groups and Individual Performance..... 320  
 Prisoners and Guards..... 322  
 Autism and the Sally-Anne Test..... 335  
 Cognitive-Behavioral Therapy  
 and Depression..... 362

**Sidebar**

Psychologists at Work..... 3  
 Physiology and Behavior..... 9  
 The Lessons of Phineas Gage..... 42  
 Hemispheres and Handedness..... 45  
 Managing Pain..... 62  
 Bottom-Up and Top-Down Processing..... 70  
 Movement in Film..... 75  
 Hypnosis and Market Research..... 93  
 Tips for Improving Your Memory..... 124  
 Intelligence and Mozart..... 166

Examining Your Motivation..... 182  
 TV as Teacher..... 203  
 Quiz Your Cognition..... 216  
 Cultures and Attitudes Toward Aging..... 242  
 Protecting the Positive Self..... 300  
 Unconscious Prejudice..... 309  
 Handling Peer Pressure..... 315  
 The Prisoner’s Dilemma..... 318  
 Mental Illness in the Past..... 336  
 A Few Phobias..... 338  
 Schizophrenia Across Cultures..... 345  
 Substance Abuse..... 347

**Critical Thinking**

Is Psychology a Science?..... 10  
 Should Animals Be Used in Research?..... 33  
 Who’s Winning the Nature vs.  
 Nurture Debate?..... 49  
 What Does Sensory Deprivation Prove?..... 63  
 Do Some People Have ESP?..... 76  
 Why Do We Dream?..... 91  
 Should Operant Conditioning Be  
 Used to Control Behavior?..... 107  
 Can an Eyewitness’s Memory  
 Be Trusted?..... 129  
 How Can Other People Influence  
 Your Thinking?..... 146  
 Should IQ Tests Be Used by Society?..... 169  
 Do All People Have  
 Higher-Level Needs?..... 177  
 Can Violence Be Stopped?..... 209  
 What Can We Do About  
 Juvenile Delinquency?..... 229  
 Should We Try to Extend the  
 Average Life Span?..... 246  
 How Should People Cope with Stress?..... 261  
 What Is the Role of Free Will  
 in Personality?..... 275  
 Should MMPI Test Results Be Used  
 in Diagnosis?..... 289  
 Do We Know Why We Do Things?..... 304

Was Milgram's Research Ethical? .....	324	Galton's Bell-Shaped Curve .....	155
Should the Insanity Defense Be Allowed? .....	349	Scoring Intelligence .....	157
Is Society Becoming Too Reliant on Drugs? .....	366	Gardner's Eight Intelligences .....	163
<b>Chart</b>		Needs and Motivation .....	172
The Main Types of Psychology .....	5	Drive-Reduction Theory .....	174
Approaches to Psychology .....	12	Maslow's Hierarchy of Needs .....	175
How Does Culture Affect Behavior? ....	14-15	Factors That Affect Hunger and Eating .....	178
The Scientific Approach to Research .....	21	Theories of Emotion .....	185
Pledge of Allegiance Study .....	31	First-Year Milestones .....	192
Nervous System Diagram .....	37	Erikson's Psychosocial Theory of Development .....	205
The Neuron .....	38	Adolescent Cognition .....	217
Major Neurotransmitters .....	40	Kohlberg's Stages of Moral Development .....	219
The Nervous System .....	41	Stages of Adulthood .....	234
The Brain, Side View .....	43	Myths of Aging .....	243
Parts of the Brain .....	44	Stressors .....	249
Parts and Functions of the Brain, Surface View .....	46	Stress Scale for Youth .....	252-53
The Endocrine System .....	48	Types of Conflict .....	254
Receptors and Stimuli .....	52	Stress and Illness .....	258
Absolute Threshold for Each Sensory System .....	52	Drugs and Side Effects .....	260
The Human Eye .....	54	Theories of Personality .....	265
How We See Color .....	56	Allport's Classification of Traits .....	269
The Human Ear .....	58	Cattell's Personality Traits .....	270
The Taste Buds .....	60	Temperaments .....	270
You Experiment .....	68	The Big Five Personality Traits .....	271
Levels of Consciousness .....	82	Behavior and Internal Factors .....	273
Altered States of Consciousness .....	84-85	Comparison of Major Personality Theories .....	276-77
The Stages of Sleep .....	87	MBTI Personality Dimensions .....	286
Operant Conditioning and Behavior .....	103	Tips for Various Test Types .....	294
Schedules of Reinforcement .....	105	Why Compare? .....	299
Biological Factors in Processing .....	109	How Attitudes Develop .....	306
The Information Processing Model of Memory .....	118	Conformity Factors .....	316
Three-Stage Model of Memory Formation .....	128	Group Decisions .....	319
The Biology of Memory .....	130	Abnormal Behavior .....	332
Structures of Thinking .....	135	Schizophrenia .....	334
Processes in Thinking .....	135	DSM-IV Classifications .....	337
Four Strategies to Problem Solving .....	143	Mental Health Professionals .....	353
Steps in Problem Solving .....	144	Behavioral Therapy Approaches .....	359
What Is Intelligence? .....	154	Comparison of Therapies .....	364
		Drug Therapies .....	365
